Hindi  
Gujarati

# Parth Patel

Web Development & DBMS Enthusiast

## Profile

Second-year Computer Science Engineering student with strong interest in Web Development and Database Management Systems. Experienced in building responsive web applications and designing structured relational databases. Passionate about backend development and solving real-world problems using technology.

## Internship Experience

### Web Development Intern (Remote)

Jan 19, 2026 – Feb 19, 2026

- Developed responsive web pages using HTML, CSS and JavaScript.
- Implemented backend functionality using PHP.
- Designed and managed MySQL database tables with CRUD operations.
- Integrated frontend with database-driven backend systems.

## Projects

### AI Interview Simulator

- Developed AI-based web application to simulate interview scenarios.
- Implemented dynamic question handling and response storage.
- Integrated backend logic with MySQL database.
- Designed responsive frontend using HTML, CSS and JavaScript.

### Gujarat Road Pothole Complaint Portal

- Built web-based complaint system for reporting road potholes.
- Designed structured MySQL database to manage complaints.
- Implemented form validation and complaint tracking system.
- Integrated frontend with backend for real-time data handling.

## Hackathon Experience

### Impactthon 2026 – Finalist

- Selected as Finalist among participating teams.
- Developed web-based solution using frontend and database integration.
- Recognized with official Finalist Certificate.
