

PARTH PATEL

Web Development & DBMS Enthusiast

+91 88660 77505 | Gandhinagar, Gujarat

PROFILE

Third-year Computer Science Engineering student with a strong interest in Web Development and Database Management Systems. Experienced in building responsive web applications and designing structured relational databases. Passionate about backend development and solving real-world problems using technology.

EDUCATION

B.Tech, Computer Science Engineering

LDRP Institute of Technology & Research | 2024 - 2028 (Currently Semester 5)

- Current CPI: 8.81

12th Science (GSEB)

Passed: 2023 | Percentage: 83.4%

10th (GSEB)

Passed: 2021

INTERNSHIP EXPERIENCE

Web Development Intern (Remote)

Jan 19, 2026 - Feb 19, 2026

- Developed responsive web pages using HTML, CSS and JavaScript
- Implemented backend functionality using PHP
- Designed and managed MySQL database tables with CRUD operations
- Integrated frontend with database-driven backend systems

PROJECTS

AI Interview Simulator

- Developed an AI-based web application to simulate interview scenarios
- Implemented dynamic question handling and response storage
- Integrated backend logic with MySQL database
- Designed a responsive frontend using HTML, CSS and JavaScript

Aapno Rasto — Civic-Tech Road Complaint Platform

- Built a civic-tech platform to streamline road maintenance workflows between citizens, administrators and field engineers
- Implemented real-time complaint tracking with role-based access control for citizens, admins and field staff
- Integrated React Leaflet for interactive map-based complaint locations
- Used Firebase Authentication and Supabase for cloud-based media/data storage
- Built with React.js, TypeScript, Vite and Tailwind CSS

The Saviourr — AI Object Detection Web App

- Built and deployed a computer-vision based detection application using a trained YOLO model
- Processed video input to run real-time object detection and display results on a web interface
- Deployed the application live on Vercel

HACKATHON EXPERIENCE

Impactthon 2026 — Finalist

- Selected as a Finalist among participating teams
- Developed a web-based solution using frontend and database integration
- Recognized with an official Finalist Certificate

SKILLS

Languages: Java, C, JavaScript, PHP

Frontend: HTML5, CSS3, Bootstrap

Backend: PHP, Node.js (Basics)

Database: MySQL, MongoDB

Tools: Git, GitHub, VS Code

LANGUAGES

English | Hindi | Gujarati
